TURNKEY ENGINEERING FOR HIGH COMPLEXITY PLANT PROJECTS

Geographic Locations

EPC SOLUTIONS

SIME S.r.l.

Registered office:
Località Le Morelline Due
57016 Rosignano Solvay (LI) Italy
phone +39 0586 728 111 - fax +39 0586 728 222

SimeFRA

Rue de Lion, Parigi, France – phone +33 (0) 1 41 70 14 44

SimeROM

Bucarest, Romania – phone +40 318059216

Sime s.r.l. Abu Dhabi

Abu Dhabi, United Arab Emirates – phone +971 2 6423999

SARTEC

Saras Ricerche e Tecnologie srl

Registered office, engineering, industrial supplies and services

Traversa 2ª strada Est, zona industriale Macchiareddu
09032 Assemmini (CA), Italy
phone +39 070 2463 8.1 – fax +39 070 2463 82 42

Environmental and oil laboratory, pilot plants

Traversa C, 5ª strada, zona industriale Macchiareddu
09032 Assemmini (CA), Italy
phone +39 070 2464 1 – fax +39 070 2464 130

Commercial unit Milano

phone +39 02 48 002 137 – fax +39 02 773 78 01

engineering, ESCo

SIME
strong focus
on process and
rotating machinery

an industrial partnership of 400 people
with strong know-how in
PROCESS & ENVIRONMENT

Various patents on the following topics:

measurement of flare temperature

prediction method of chemical physical properties
of a petroleum distillation fraction

NGL/GPL recovery from hydrocarbon gas

liquid fraction recovery from pressurized gas

hydrocarbons separation by proprietary consecutive
extractive distillations

sweetening and/or dehydration of hydrocarbon gas

proprietary mass transfer equipment

pseudocumene separation from an aromatic
hydrocarbons mixture

energy recovery at a wellhead

oil or gas outflow blockage from an underwater well

**DELIVERS A FULL SUITE
OF ENGINEERING SERVICES**
from Feasibility to FEED and EPC

**IN THE
AREAS OF**
process, automation,
skid-mounted
process solutions

CONCEPTUAL DESIGN
Thinking about the solutions

**ENGINEERING PROCUREMENT
CONSTRUCTION MANAGEMENT**
(EPCM) Production and Construction
Management

DETAILED ENGINEERING
Deliverables
for Construction

**FRONT END
ENGINEERING DESIGN**
Engineering development
for final assessment

BASIC DESIGN
Technical proposal
of the best solution

FEASIBILITY
Research
of engineering solutions
